Disability Access

If you have any special needs please let our staff know so that we can help and ensure you get the same support in the future.

Wheelchair access

Wheelchair access is available at the front of the surgery and our toilet is equipped for patients with disabilities.

Loop System

We have a loop induction system at the reception desk to assist the hearing impaired. For more information on the loop hearing system visit [Hearing Link website](#).

- [British Deaf Association](#)
- [The Deaf Health Charity – SignHealth](#)
- [Action Hearing Loss](#)
- [Royal Association for Deaf People](#)
- [National Deaf Children's Society](#)

Blind/Partially Sighted

If you or family members are blind or partially sighted we can give you an electronic copy or large print of our practice leaflet upon request. Please ask reception for further information.

For more advice and support for blind people please see the following websites:

- [Royal National Institute of Blind People \(RIND\)](#)
- [British Wireless for the Blind Fund](#)
- [British Blind Sport](#)

Guide Dogs

Guide dogs are welcome at the surgery but we ask that you be aware of other patients and staff who may have an allergy or fear of dogs.
